

we have a **tapp** for that  
the most apps in a HD touchpanel display

All the features of your favorite mobile device in a full size HD display. Simply sweep your finger across the screen to browse through apps to select movies, listen to music, adjust the volume, surf the Web, check email, phone a friend, lower the shades, set the room temperature, arm the alarm and see who's at the door. Tap the app and live large in HD—only on the V-Panel.
