

- Notes:
- **Blue** circle indicates **Crestron** product
 - **Grey** circle indicates **3rd party** product

CLASSROOM

ROOM DESCRIPTION

This design allows your instructor to send a source such as a Room PC, a Laptop, a Document camera, or a personal device connected either with a cable or connected wirelessly to a single projector or two projectors. The touch screen can choose between the various sources, and the amplifier and speakers offer coverage for the whole room effortlessly.
