

Subsystem Legend: Control & Network, Lighting, Audio, Video, Window Shade, HVAC/Security/Pool/Irrigation

- Notes:
- Circle color indicates subsystem
 - Refer to CAD/VWX file for full wiring details
 - Light grey circle refers to 3rd party product in Equipment Room

WHOLE HOME TECHNOLOGY

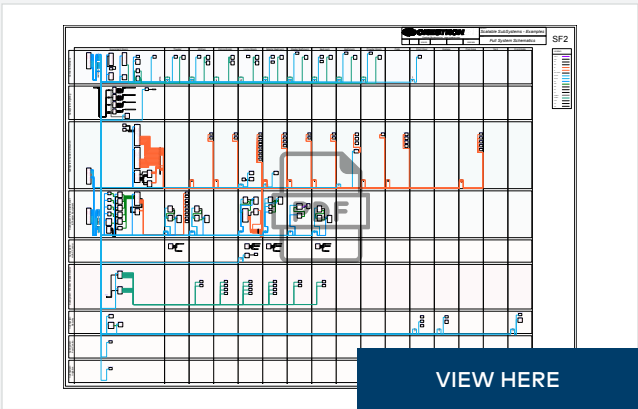

DESIGN DESCRIPTION

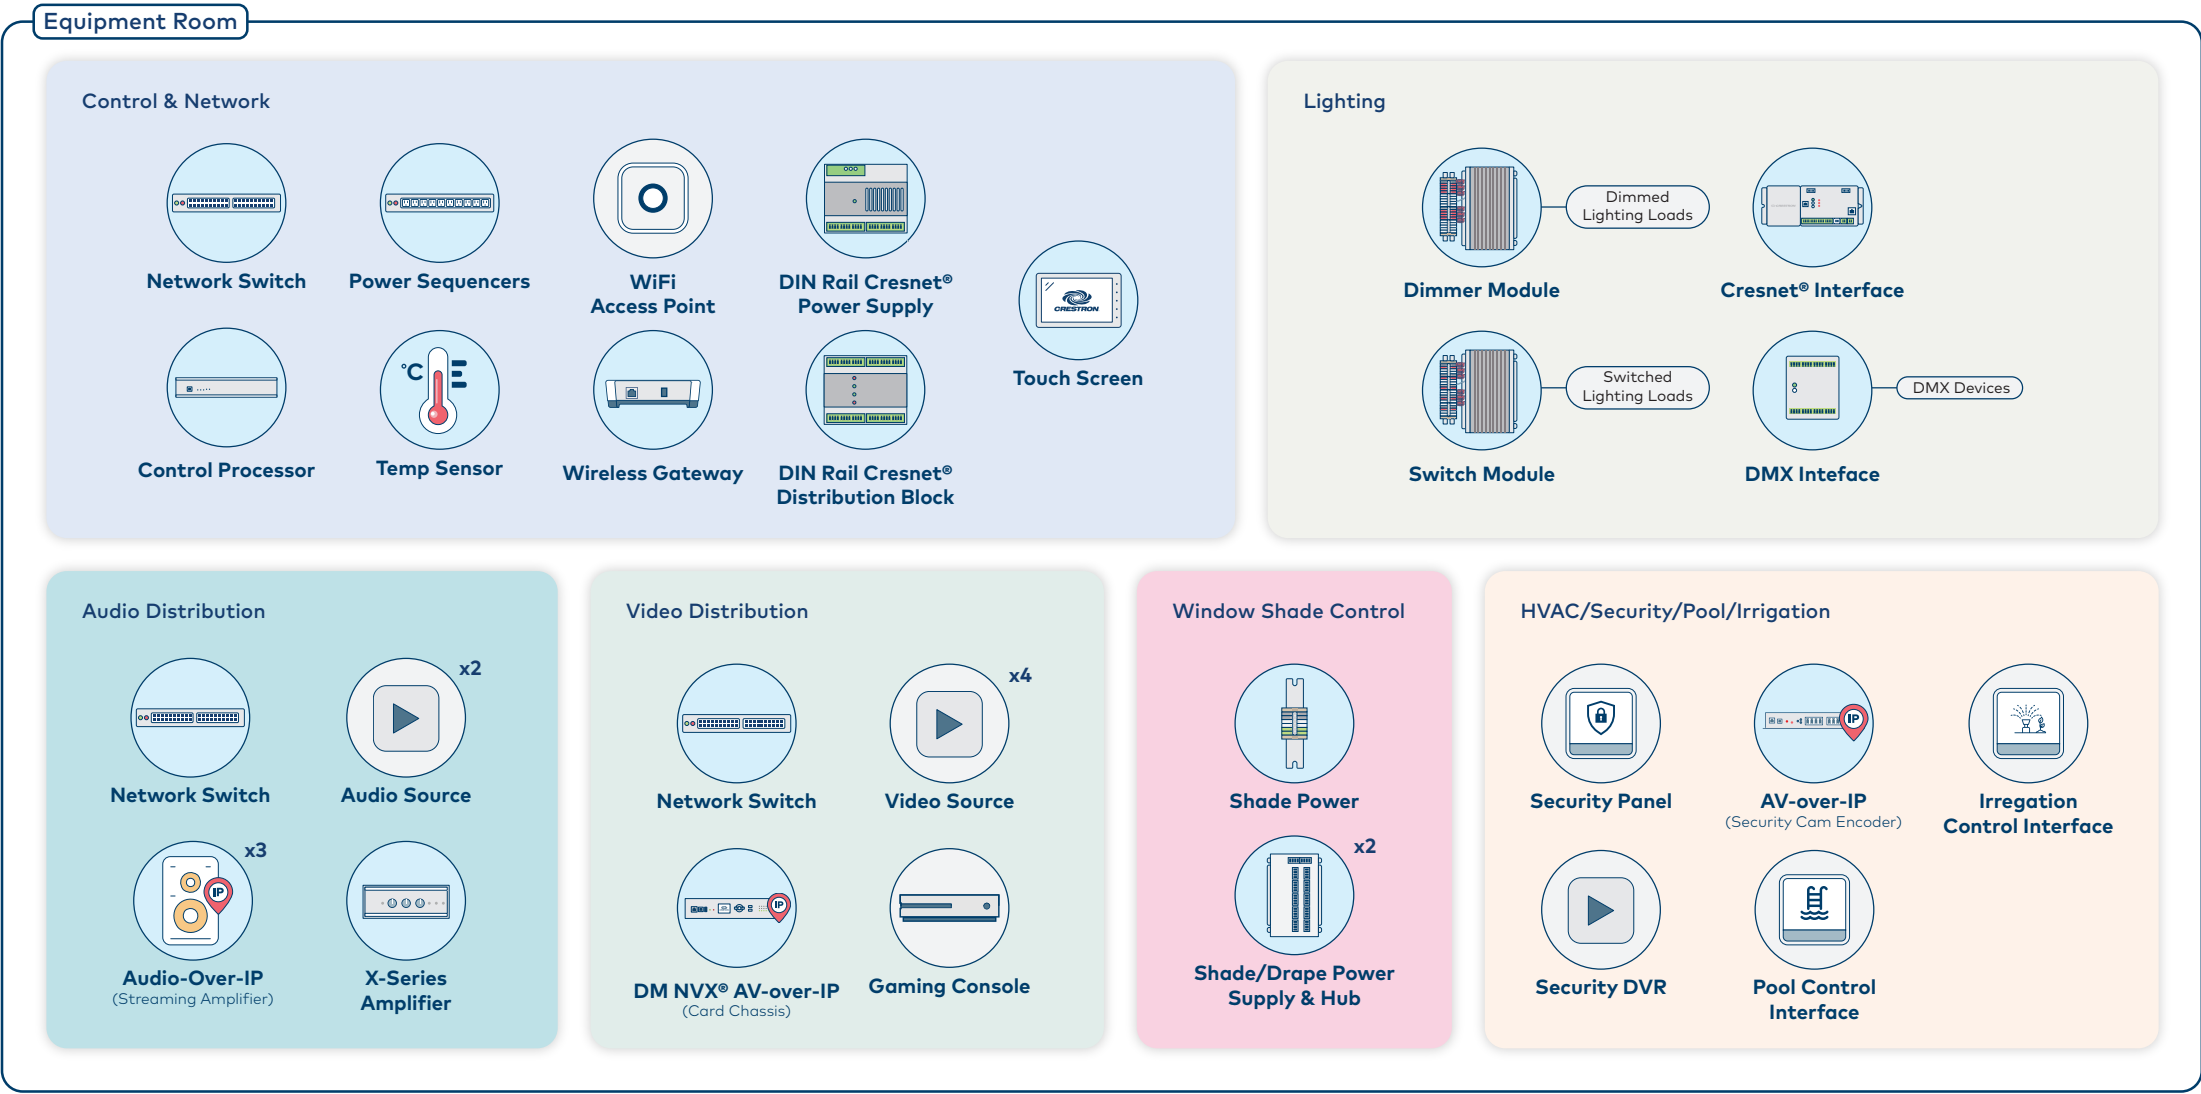

This design integrates advanced technology for comprehensive home control, ensuring the systems remain unobtrusive in the home's inviting environment. Intuitive controls for automated blinds, security, climate, and ambient lighting throughout any living space. Above and beyond a standard home automation system, additional third-party integrations to further extend the capabilities of this elegant solution.
