

THE SEND ANY CONTENT ANYWHERE SOLUTION

Crestron DigitalMedia™

One platform answers every communication need

Presentation. Content sharing. Digital signage. Corporate messaging. Video walls. Active and distance learning. eSports. And more. All made possible by the widest range of connectivity options to distribute AV and control signals. From conference rooms, huddle spaces, and classrooms, to boardrooms, public spaces, and command centers. Entire buildings to sprawling campuses. DM® has you covered.

DM product family

DM Lite & DMPS Lite

Plug-and-play DM Lite and DMPS Lite AV solutions cover all the bases in smaller spaces. Cost-effective. Flexible. No programming needed.

DMPS

All-in-one audio, video, and control presentation systems for meeting rooms and classrooms.

DM Matrix

Modular, expandable audio and video switching solution that can be configured to meet your specific needs. You configure the switcher to meet your requirements — not the other way around.

DM NVX

1Gb AV-over-IP solution that delivers image quality as good as the source. Complete, secure, scalable, and managed, DM NVX transmits video, audio, USB, and device control, wherever needed, on the network.

HDMI Accessories

Everything you need to integrate 4K HDMI® sources with a DM system:
[Cables](#) • [HDMI Switchers](#) • [Distribution Amplifiers](#) • [Extenders](#) • [Scalers](#)

For more information on the DM Family

Only DM offers you all of these benefits:

Flexible

Supports standalone systems and hybrid solutions that seamlessly mix AV-over-IP, 4K60 HDBaseT®, 4K60 fiber, and H.264 streaming AV.

Scalable

Virtually unlimited, from a simple point-to-point setup, to thousands of endpoints.

Reliable

Designed, built, and guaranteed to work flawlessly as a complete system.

Secure

Leverages the most robust enterprise-grade network security standards.

Managed

Remotely configure, deploy, and manage large-scale AV-over-IP networks.

Design once, deploy many

Web-based configuration with **.AV Framework™** software makes it easy to deliver a simple, consistent user experience in every room, with no programming (DM Lite, DMPS Lite, and DMPS systems). Or program as needed to suit larger installations. Deploy, manage, monitor, and evolve at scale via the IoT-based **Crestron XiO Cloud™** platform.

Our customers agree

DM is the one platform that answers every communication need:

“DM NVX is the only U.S. government certified AV-over-IP solution that provides a safe and secure platform.”

– Dr. Aaron Ali, CEO and Co-Founder, MedtoMarket

“We wanted a solution that our students and staff could depend on. DM is that solution.”

– Mark Henry, Education Technology Architect, Texas A&M
