### Certification and Compliance

**Regulatory Model:** M201933001, M201933003

#### Federal Communications Commission (FCC) Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

**CAUTION:** Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These

limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

#### Industry Canada (IC) Compliance Statement

CAN ICES-3 (A)/NMB-3(A)

This product is Listed to applicable UL® Standards and requirements tested by Underwriters Laboratories Inc.

Ce produit est homologué selon les normes et les exigences UL applicables par Underwriters Laboratories Inc.

This product conforms to the UL® 2043 standard approved by ANSI and tested by Intertek® services.

The product meets the requirements of the UL® 2043 standard for installation in an environmental air-handling (plenum) space, such as above a suspended ceiling.

The product is tested by an NRTL (Nationally Recognized Testing Laboratory) and complies with UL 2043 (Fire Test for Products Installed in Air-Handling Spaces). Full compliance requires plenum rated cables.
