

Crestron ONE® App

Mobile Room Control App for iPhone® and iPad® Devices

- *Provides an intuitive room control solution for an Apple® iPhone® or iPad® device*
- *Enables custom Crestron HTML5 User Interface projects to be deployed to Apple mobile devices*
- *Delivers personalized user control through interfaces designed via Crestron Construct™ configuration software*

The Crestron ONE® mobile app for Apple® iPhone® or iPad® devices provides a personalized room control experience from a mobile device.¹ The app connects directly to a Crestron control system, allowing [Crestron HTML5 User Interface](#) projects created using Crestron Construct™ configuration software ([SW-CRESTRON CONSTRUCT IDE](#)) to be deployed to the mobile device. Crestron HTML5 User Interface technology enables custom user interfaces to be reused across devices without requiring separate projects, delivering a consistent and optimized control experience.
