

UC-BRKT-100-SD-Z-ASSY

UC Engine Assembly

The Crestron® UC-BRKT-100-SD-Z-ASSY simplifies installation of a Crestron Flex UC conference system, providing all the necessary components connected and mounted on a single VESA® compliant mounting bracket. The bracket mounts behind a display device in a conference room or directly to drywall using the included anchors. The UC-BRKT-100-SD-Z-ASSY is intended for use with M-Series and B-Series of Crestron Flex single display conference systems. For more information, visit www.crestron.com/flex.

Check the Box

Item	Qty
Anchor, Drywall, Plastic, 3/8 in. x 1/2 in. (P/N 2052565)	2
Key, Anchor (P/N 4529654)	1
Bit, Spanner, 1/4 in. (P/N 2052847)	1
Screw, 6-32 x 3/8 in., Undercut Head, Spanner (P/N 2052846)	2
Screw, 8-AB x 1-1/2 in., Pan Head, Combo (P/N 2052567)	2
Power Cord (P/N 2053985)	1
Tie Wrap (P/N 2047935)	4

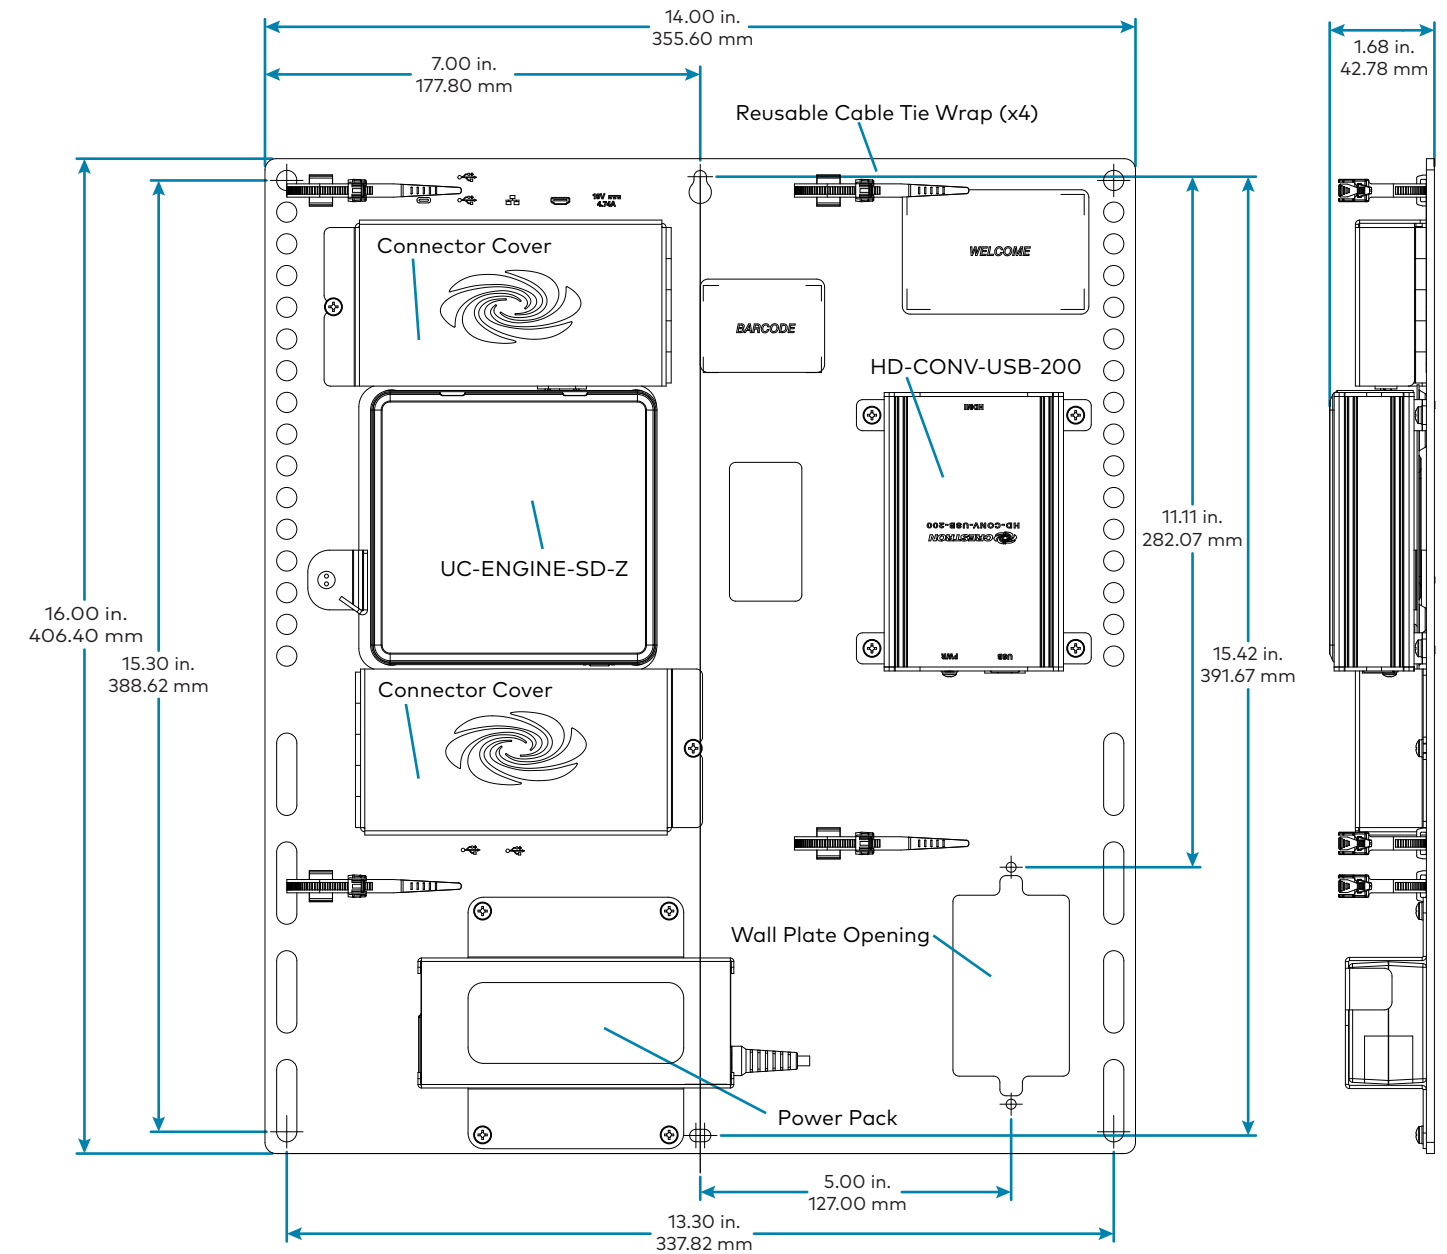

Install the Wall Bracket Assembly

The wall bracket can be mounted to VESA compliant display devices or building structure. Anchors and screws are also supplied for installation on walls 3/8 in. to 3/4 in. thickness.

NOTES:

- The integrated cable tie wraps are reusable. Take care to avoid damage to the cable tie wraps.
- The wall bracket assembly includes an opening and pass through screw holes for placement over a single gang US electrical wall box that can be covered by a decorative wall plate. If the wall plate opening will be positioned over an electrical wall box, longer screws will be needed to secure the decorative wall plate to the electrical box. Do not attempt to secure the wall bracket assembly with the wall plate opening screws.
