

Microsoft Teams™ and Crestron Flex.

Collaboration that works.

Crestron has been a Microsoft partner for well over a decade. And has delivered every generation of room system since 2012. Crestron Flex is the latest and most robust result of that partnership. A Unified Communications solution that realizes the full potential of every aspect of the Microsoft ecosystem.

Microsoft Partner

2018 Partner of the Year
Internet of Things

Only Flex Can

Provide native Microsoft Room Systems—for one consistent experience from desktop to boardroom—one easy access to features and updates

Deliver a complete range of Microsoft certified state-of-the-art products backed by decades of audio and video expertise

Ensure an easy migration from Skype® for Business to Microsoft Teams

Flex kits are Skype for Business and Teams compatible

Customers can transition at their own pace, within their own budget

Integrate with smart building ecosystem—one touch Flex button connects to scheduling, AV control, room controls
