

SW-CONFIGURE-PRO

Configure Pro Configuration Software

- Streamlined and intuitive configuration interface
- Allows simultaneous user connections on a project
- Enhanced navigation with hyperlinks for easy flow within the app and to device web UIs
- Universal text filters for quick searching in large projects
- Clear, redesigned layout for keypad configurations, including quick actions, engraving, and behavior
- Checkmarks to indicate configuration status on buttons and in the project tree
- Simplified sequences with a visual Sequence Editor for the creation and understanding of complex logic
- Easy A/V source routing with clear input and output labeling

Configure Pro is a single, unified Crestron Home® OS configuration platform that improves setup and management. Every step of the Crestron Home configuration has been redesigned with faster navigation, an intuitive interface, powerful no-programming tools, and productivity features for integrators.
