

CSF-FABRIC-COLLECTION-HSHEER-2

Crestron® Horizontal Sheer Shades Sample Book

The Crestron Horizontal Sheer Shades Sample Book (**CSF-FABRIC-COLLECTION-HSHEER-2**) is a curated tool designed to support dealers, designers, and integrators in presenting and specifying premium window treatments with confidence.

The sample book features a wide selection of refined fabric collections, including the distinctive Telluride, Vail, and Keystone lines. Each collection is inspired by the natural beauty and timeless appeal of Colorado's mountain landscapes. With a 3-inch vane size and options in both Translucent and Light Dimming opacities, these fabrics offer versatility to suit a variety of aesthetic preferences and functional needs.

Curated Fabric Collection

Showcasing flexible light control options and coordinated design possibilities, the sample book includes 13 Translucent and 13 Light-Dimming fabrics.

Removable Swatch Pages

Detachable pages allow for easy presentations and personalized selections.

Hardware Color Guide

The sample book provides a clear and organized reference for selecting finish options.

Realistic and Functional Photography

Realistic photography helps spark design ideas in real spaces and demonstrates key installation details, including both inside and outside mounts and fascia options.

Portable and Functional Design

The built-in handle enhances portability, making the sample book easy to transport to client meetings or job sites.
