Welcome to your Crestron Home.
The Crestron Home App makes it easy to access and control every aspect of your home—from your phone, tablet, or touch screen. This guide will walk you through basic navigation, room controls and settings, and how to make your Crestron Home your own. So let’s get started.
Navigating your Crestron smart home starts here.

**Currently selected home.**
See status of security system and doors.

**Quick Actions** are like shortcuts. They give you the ability to easily execute a Scene, or a combination of different commands, with one tap.

**Home Controls** apply only to systems that affect your entire home, such as security. Simply swipe up to see every system available to you.

**Rooms** gives you control of all the different rooms and areas in your home.
