TSW-UMB-80

Universal Mounting Bracket for TSW-80 Series

The TSW-UMB-80 universal mounting bracket provides a simple in-wall mounting solution for TSW-880, TSW-1080, TSS-880, and TSS-1080 series touch screens. The TSW-UMB-80 is a postconstruction solution that allows the touch screen to be retrofitted into existing drywall or paneling. The bracket is also suitable for use in a lectern or podium. Additionally, supported touch screen models can be replaced easily without needing to cut or patch the wall.

For preconstruction wall mounting applications, the TSW-UMB-80 can be used along with the TSW-UMB-80-PMK mounting kit. The TSW-UMB-80-BBI wall mount back box can be used for masonry and concrete installations.

Specifications
