

B10-BTNB-T 5 ENGRAVED

Set of 5 Backlit Engravable Buttons for HTT-B10EX Series, Includes Custom Engraving, Black Textured

Provides a set of five backlit buttons with custom laser-etched engraving for an **HTT-B10EX Series** Wireless Tabletop Keypad. Replaces the five buttons in either of the two columns of buttons on the keypad. Buttons come configured together in a fixed strip of five buttons. Buttons cannot be rearranged or replaced individually. All five buttons must be specified and ordered as one complete columnar strip. Two sets of buttons must be ordered to replace all ten buttons on the keypad. Specifying the engraving is facilitated using Crestron® Engraver software.

Note: Any button may be left blank. To obtain a full set of blank buttons without engraving, see models **B10-BTNB-T 5 BLANK** and **B10-BTNW-T 5 BLANK**. These buttons are also compatible for use with legacy models **HTT-B10X-B-T**, **HTT-B10X-W-T**, **HTTI-B10X-B-T**, and **HTTI-B10X-W-T**.
