Horizon® 2 Faceplate, 1-Gang, Brushed Brass with Black Rear

Horizon® 2 faceplates (HZ2â€FPâ€G series) are essential installation components of every Horizon 2 installation to provide a finished appearance with customizable design elements. Faceplates are available in the following finishes:

- Textured Finishes
 - White (-W)
 - Black (-B)
 - Almond (-A)
- Glass Finishes
 - White Glass (-GLASS-W)
 - Black Glass (-GLASS-B)
- Metal Finishes
 - Brushed Black (-BR-BLK)
 - Brushed Brass (-BR-BRASS)
 - Dark Bronze (-DRK-BRZ)
 - Dark Nickel (-DRK-NKL)

Multigang Expansion with Horizon 2 Faceplates

Install up to four Horizon® 2 devices sideâ€byâ€side in a US multigang electrical box with a compatible HZ2â€FPâ€G series faceplate. When multiple devices are installed in a 2-, 3-, or 4-gang faceplate, the buttons on the devices are aligned to form one continuous control surface.

Horizon 2 Faceplates Supporting Decorator-Style Devices

Decorator-style faceplates (FP-G-D series) accommodate a wide variety of Decorator-style third party devices alongside Horizon 2 devices. They are offered in textured white,

textured black, and textured almond in a variety of configurations. Nonsymmetrical faceplates can be reversed to

support the decorator-style device on either side of the Horizon 2 device(s).

NOTE: Crestron recommends using Schneider Square D X Series wiring devices for the best match to Horizon 2 colors and textures.
