

STIRP

IR Emitter Probe w/3.5mm Mini Phone Plug

The STIRP is an IR (infrared) emitter probe designed to adhere directly over the IR sensor window of a television, DVD player, or any other IR controllable device. The STIRP connects to any Crestron control system or room solution box equipped with a mini-phone type Crestron IR port, providing a 1-way IR control interface to the device. The STIRP is composed of an infrared LED housed in a miniature shell. Its integral 7 foot cable may be extended up to 1000 feet using ordinary twisted pair cable. Includes IR mask and two-sided tape for mounting.
